Renumbered claims 1-2 were allowed.

No new subject matter has been added to the specification.

Entry of the amendments is proper under 37 CFR §1.116 since the amendments: (a) place the application in condition for allowance for the reasons discussed herein; (b) do not raise any new issues requiring further search and/or consideration since the amendments amplify and clarify issues previously discussed throughout prosecution; (c) satisfy a requirement of form asserted in the Office Action; (d) do not present any additional claims without cancelling a corresponding number of finally rejected claims; and (e) place the application in better form for appeal, should an appeal be necessary. The amendments are necessary to correct the specification as indicated in item #2 of the Notice of Allowability.

No fees are believed to be due with this response. However, if an error has been made in the fee calculations, this is a general authorization to charge any fees due and/or credit any overpayment to Deposit Account No. 13-3377.
